I agree that all of the above information is correct. I understand that falsification will result in suspension from the Strike Force Tour Arizona Handicap Tour. I understand that average verification is my responsibility. I realize that I must report if my average is 10 pins or more than my SFTAHT entering average. If my average submitted is lower, I realize that I must retain the higher average. I also understand that if I submit an average lower than my current average, scores may be disqualified. In the event that an answer above is found to be false, it is the director's discretion to refund the entry or not.

"Keep Your Cash Till You Cash" Program? Y\_\_\_\_ N\_\_\_\_

When a non-member enrolls in this program they will not have to pay membership dues until they cash in the finals. Bowlers enrolled are still considered non-members and are still subject to pay non-membership fees. However, once that non-member cashes in the quarter finals, their membership dues are immediately deducted from their winnings and they will receive all membership benefits from that point on. This allows bowlers to "keep their cash until they cash".
