

SFT AHT 2016 White Elephant Event!

Step 1: Go buy a gift that ranges from \$10 to \$20 and wrap it. It could be a great gift or an awful one, that is up to you. Keep in mind you may end up with it!

Step 2: Everyone that brings a gift to the banquet will be entered into the event. No gift and you are on the sidelines watching the fun take place.

Step 3: There will be a random draw for numbers. Numbers will determine your order of picking a gift. The lower the number the sooner you pick, the higher the number, the later you pick.

Step 4: In number order, players will either open a gift that was brought or steal one from someone that has already opened one. A gift can only be stolen twice and if a player gets a gift stolen from them, they get to open another.
